Frameworks: Django, React, Next.js, Node.js, Express.js, Bootstrap, jQuery, Ajax, REST APIs, Responsive Web Design

Other: UI/UX Design, API Integration, Razorpay Integration, Git & GitHub, Email/WhatsApp Automation

PROFESSIONAL EXPERIENCE

Freelance Web Developer

2023–Present (Remote)

- Designed and developed the complete website for Omaxe Ujjain (real estate) independently; deployed live by the company at omaxeujjain.com.
- Built and delivered a live business website for Anay Unisex Salon: anayunisexsalon.com.

KEY PROJECTS

Omaxe Ujjain – Real Estate Website (Live)

Complete real estate website built independently as a freelance project and deployed live by the company.

[Live: omaxeujjain.com](https://omaxeujjain.com)

Anaya Unisex Salon – Business Website (Live)

Responsive website for a salon client showcasing services and contact details, live in production.

[Live: anayunisexsalon.com](https://anayunisexsalon.com)

Digital Ujjain

Digital assistant platform for Ujjain & Simhastha 2028 featuring a live dashboard, verified hotel/Sathi bookings, multilingual (Hindi/English) support, and an integrated chatbot (Mahakal Mitra) for visitor queries. Built with Next.js frontend and Express.js backend; added Razorpay payment integration for bookings.
